Seniors, if you haven't, begin NOW to apply to the colleges in which you are interested and be working on scholarships.

Midwest Technical Institute in Springfield has a wonderful scholarship called the Mike Rowe Works Scholarship (you may have seen him in TV ads). The application includes making a Facebook video and having people vote for you. This scholarship pays for **100% of tuition paid education**. MTI has classes/programs for welding, HVAC/R, Medical Assisting, Dental Assisting, Cosmetology, and CDL training. **Go to www.midwesttech.edu/scholarship for information. February 16 deadline** for the application.

Seniors interested in auto technology, Pitt State has a two year, NATEF accredited Automotive Service Technology certificate program or associates degree available. Either program will take only two years. Go to www.pittstate.edu/autotech for more information. This course will include 7 credit hours on transmissions during the summer.

Seniors not in a CA class, come see Mrs. Bussman to schedule a time to begin the local scholarship application.
