## URGENT MESSAGE TO ALL INCOMING SENIORS

This is a reminder to all incoming Seniors for the school year 2019/2020.

All Seniors **MUST** have received the MCV (Menactra) vaccine **BEFORE** they will be allowed to pick up **SCHEDULES AND LOCKERS**. If you received the vaccine before the age of 16, you **MUST** receive a booster. Please drop off all official documents to the High School Office.

This is a *Missouri State Law* and seniors **will not** be able to attend school until they are compliant.

For your convenience, the Care Mobile will be coming to Cassville School once monthly. Any student is able to receive required vaccinations through the Care Mobile. The Care Mobile will be providing immunizations at no cost for Medicaid and uninsured students. Insured students need a copy of the front and back of the student's insurance card.

If you are interested in using this service, please complete a Care Mobile registration form. Forms are available in the Nurse Office.

Thank you,

Elaine Boles  
Cassville Health Service

**\*\*\*You are welcome to receive vaccinations through your health care provider, the Health Department or the Care Mobile**
