## Free Children's Vision Screening

Cassville Primary School will be hosting **Kidsight Vision Screening Program** on Tuesday, February 19 and Wednesday, February 20.

This is a free screening that will be offered to all students in Pre-K, Kindergarten, First and Second Grade.

Screenings will be conducted in the school nurse's office and takes less than 10 seconds per child. It involves **NO** physical contact with your child. You only need to sign and return the attached form if you **DO NOT** want your child to be screened.

*If you have younger children, aged six months and up, that you would like to have screened, you may bring them in anytime on these days.*

*If you **DO NOT** want your child screened, please sign and return the attached form no later than Friday, February 15 at 8 a.m.*

This is a valuable screening tool that can predict possible vision issues in children that are too young to know they do not see correctly.
