

REMOTE LEARNING

Families who do not feel comfortable sending their students to receive in-seat instruction may apply to participate in remote learning via Launch, an online education platform.

- Students approved for remote learning will have a 14 calendar day window to transfer back to in-seat instruction if so desired. Otherwise, they must remain in the Launch program for the duration of the semester for which they were approved.
- Students approved for remote learning for the first semester of the 2020-21 school year can return to in-seat enrollment for the second semester if so desired, or may remain remote for the duration of the school year.
- If a student is not successful with Launch, they may not be approved for the future semesters.
- Upon approval for remote learning, additional scheduling logistics will be arranged directly with the student's school staff.

- Grades from Launch courses will be transferred to Cassville R-IV Schools and will factor into the student's academic record.
- Students approved for remote learning will be issued a technology device by Launch.
- Students approved for remote learning can participate in extracurricular activities as long as they meet MSHSAA requirements.
- Middle and high school students approved for remote learning may choose a hybrid of online and in-seat courses if so desired.
- To help us secure student materials and plan for a successful student-experience, we are asking that all remote course requests be made not later than August 17, 2020.

Note: The fall 2020 enrollment period takes place before many Cassville R-IV Schools staff are back on contract. Because of this, parents may not hear from the school staff until sometime the week of August 10.

REMOTE LEARNING

WHAT IS LAUNCH?

Launch has a rigorous K-12 curriculum that is aligned with the Missouri Learning Standards, is currently used by over 270 districts across the State of Missouri, and is staffed by certified educators who live and work in partner districts.
